**Subject:** FW: Arroyo Grande Aquifer Exemption Application

Hi Lisa,

I am not sure if this needs a separate TDM, I don't think so, but I would like Cadmus to review this letter and advise if we want to highlight any of these concerns to DOGGR – sooner rather than later. I brought this letter up at the end of the call with Inland District yesterday as I am trying to head off having any more comments on the AG package beyond what we included in the April 17 comment letter. We can have a call when Shari is back if that would help. Thanks!

Okay, slight correction. The third file is labeled as a new letter, but is dated December 2015, so I mistakenly thought it was just a copy of a prior submittal from Maya G-K. It is actually a new letter, with an incorrect date on it. I saved that one as well and it is attached. Btw, I also let Laura McCamy know about the date discrepancy. Let me know if you can't open this one. David

I haven't been able to open this PDF (says it's damaged attachment) – any chance you can save it and resend at some point?

Thanks!

Alexa
